1. When the appointments are being given from the waitlisted/reserve list, their position will be reflected in the consolidated order of merit in terms of the average score obtained by the candidate.
2. Resolution of 'tie' in the average score will be as per following:
 - a. **Step – 1:** Date of Birth of the candidate. The candidate elder in age will rank higher in the order of merit and the consolidated order of merit, to the candidates who are younger in age.
 - b. **Step – 2:** In case the Date of Birth of the candidates are same, the tie is further resolved by the date of completion of internship for medical candidates and date of completion of qualifying degree examination for non-medical candidates, whichever is earlier.
3. The seniority of the candidates appointed from the reserve panel/waitlist will be determined by their original order of merit by which they were selected.
